

Enjoy Home Theater or Media Center

Feel the excitement of a blockbuster movie in your private home theater. With the push of a single button, your movie will begin to play. Our theaters are designed with enhanced acoustics, seating, lighting and visual projection. Provide the perfect environment for the family and friends.

Control Your Entire Home With Ease

Our integrated systems are designed so that you can operate almost every electronic device in your home. Through simple-to-use touch screens and hand-held remote controls, our various systems will allow you to control your home, even while away.

Our solutions will seamlessly blend in with the decor and architecture of your home. Take a moment to visualize all the exciting options available, featuring entertainment, comfort, security and convenience. Our custom services include:

- Home Automation & Control
- Whole House Music & Video
- Lighting Solutions
- Home Theater
- Telephone Systems
- Computer Networking
- Energy Management
- Surveillance & Security

Listen To Pleasant Music Everywhere

Music enriches the ambiance in your home. Now you can enjoy beautiful sound in every room you desire. If you wish to maintain the décor, we will discreetly hide the speakers in the walls or ceiling. We'll design the system so that each family member can simultaneously listen to their favorite music in any room. Take it a step further and expand your music system throughout the yard.

Add A Networked Computer System

Imagine the convenience of a home computer networking system that enables high-speed data networks and communication lines of today's technology. Your home can be networked for a secure and reliable system.

Lighting Design Adds Ambiance

Lighting enhances the mood in the home, creating the setting for all activities. Adjust the lighting for a romantic dinner when it's just the two of you, or set the lights to slowly dim when it's time for the kids to go to bed.

Watch Movies in Any Room

Experience entertainment from all video sources everywhere in the house. Each source can be distributed to any room and simultaneously viewed. Our designs feature rich, crystal clear sound and widescreen displays. Best of all, you can control all sources by using a remote control or touch panel.

Feel Safe And Secure At Home

Protect your family and guests with our discretely hidden cameras that blend into the décor of your home. Check on the kids upstairs or see who's at the front door by simply viewing your television or computer monitor.

OUR PROMISE TO YOU

Welcome. Our promise to you is a simple one. We will enhance your lifestyle by transforming your home into a fun and exciting place to live, work and play.

Our goal is to provide you the dream of a lifetime by designing and installing the most sophisticated home automation and control solution, the finest whole-house entertainment system and a State-of-the-Art networked computer system.

Whether you are building a new home or simply remodeling an existing one, we will design and install a completely customized system to match your personal needs.

From initial design to finished construction, you can count on us to work closely with your builder, architect and interior designer to create your perfect home.
